IN-HOUSE-COURSES

→ EUROPEAN ADHESIVE BONDER

in accordance with EWF 515

→ EUROPEAN ADHESIVE SPECIALIST

in accordance with EWF 662

If a team of employees are to be trained at the same time, it is often more cost-effective to conduct the training courses at the customer's location. Therefore we also offer our training courses at your site. Up to 16 people can participate in each course.

The courses are identical to the courses held at the Fraunhofer IFAM in terms of duration, procedure and course materials used. The course language can be chosen according to your requirements (English or with translation into any other language). All necessary materials for the practical experiments and theory will be provided by us on site and will be delivered before the start of the course. For courses outside the EU other regulations may apply.

General requirements for in-house courses in your company are

- Two separate rooms if possible
- Theory room with projector
- Room for practical experiments with workbenches, sufficient ventilation and appropriate disposal facilities. Areas in production can also be used by arrangement.

Please contact us so that we can arrange the necessary requirements for a training course in your company and the dates with you.

INFORMATION ABOUT THE COURSES

International cooperation partners

We also cooperate with partners who carry out these courses on our behalf and according to our quality requirements. The trainers have been trained by us and are closely linked to the Fraunhofer IFAM through regular meetings. This guarantees a comparable, high quality of the courses, regardless of the venue. The advantage for you: Lower travel costs due to shorter distances to the training locations and courses by native speakers in the local language.

Cooperation partners in Germany and Switzerland you will find on page 16.
